## 1. Introdução

A NDDigital trabalha de forma a homologar os Drivers de impressoras e não equipamentos para obter o funcionamento adequado do módulo n-Client, com isso, podemos considerar que as impressoras que utilizam os Drivers listados logo abaixo terão seu funcionamento correto com este módulo.

## 2. Lexmark

O software suporta os seguintes modelos de impressoras para cópia e fax. Abaixo os equipamentos homologados e testados no laboratório NDDigital.

Lexmark c510	WinXP / Win2K / Win2K3	PCL6
